1953-2010

Celebrating 57 years of Advocacy Resources & Care in our community

Chemung ARC was founded in 1953 by a group of parents who had children with developmental disabilities. They wanted to form a chapter of NYSARC, Inc. in Chemung County.

Today, Chemung ARC is a not for profit organization that serves more than **700** individuals with developmental disabilities and their families.

Chemung ARC's **Residential Services** program operates 16 group homes that serve more than 100 people of all ages with Individualized Residential Alternatives (IRAs) or Intermediate Care Facilities (ICFs). The agency also operates six supportive apartments and three supervised apartments for adults who need a transitional living situation between the supervised group setting and independent life. All residents participate in daily activities ranging from work to recreation programs.

Chemung ARC has a **Family Support** program that serves more than 300 individuals. This program connects individuals served by the agency with services in the community, provides respite care for families and offers recreation opportunities.

Southern Tier Industries (STI) is Chemung ARC's vocational training and job placement program. More than 200 individuals do *real work for real pay* and learn job skills they carry with them forever. Those who are interested and able can often find work in the competitive workforce through the Southern Tier Employment Program (STEP) located at our Broad Street office in Horseheads, NY.

Developmental Health Services serves more than 300 individuals, offering psychology, nursing, psychiatry, social work, physical therapy, occupational therapy, speech & language, and nutrition services.

Donations of time and financial resources are always welcome at Chemung ARC. Volunteer Coordinator, Susan Phillips can be reached at 607.734.6151 Ext. 113. Anyone interested in supporting the agency financially is invited to call Community Relations Director, Allison Monnell at 607.734.6151 Ext. 122.
